SUBJECT: **ADDENDUM #2**
RFQ1056J-100312
Architectural Historian and Archaeological Consulting Services

This addendum is being issued to provide clarification of several elements of the proposed work.

See page 2 for details.

Information included in this document becomes a part of the original Request for Qualifications.

Please sign below to indicate receipt of this additional information and <u>include this page with your submittal</u>.

All other aspects of the original document remain the same.

Respectfully,

Mary Sanchez, CPPB
Purchasing Agent II
City of Nashua

Addendum #2 received and incorporated into submittal for RFQ1056J-100312

_____
        (Authorized Signature)

_____.
        (Date)

This addendum is being issued to provide clarification of several elements of the proposed work.

1. For Consultant Task 1, the City is seeking assistance in marketing the existing trestles. The specific scope of work will be negotiated with the selected firm. The Consultant shall <u>not</u> be responsible for disposition of the existing trestles.

2. It is noted that the requirements noted in Section E.1.a. of the MOA which pertain to documentation of historic structures are for documentation under the New Hampshire Property Documentation Program. This is a documentation effort, not an inventory effort. A description of this Program is attached to this Addendum. **(document: RFQ1056J-100312 Addendum 2 NH Property Doc Program)**

3. Section E.2. of the MOA discusses possible relevant work at the site of a proposed retention pond and possible work near the Picker Building. These tasks have not been identified as Consultant Tasks because the determination as to whether these tasks will be necessary has not yet been made.

   Should these tasks be determined to be necessary, the relevant scope may be added to one of the firms selected in this RFQ process.
